Do you know e-books? They are becoming more and more popular every day. You may see people reading them on the metro or on the train.

To read an e-book, you need a tablet computer, like a Kindle or an iPad. Now more e-books are sold than paper books because they are more convenient. A Kindle can hold about 1,500 e-books, and it is small and easy to carry. If you buy a new e-book, you don't need to go to bookstores. You can just go online.

However, some people still like paper books. They say paper books are easier for them to read. And if people drop a paper book, it won't be broken. Also, paper books are much cheaper than e-books. And we can be sure e-books are changing both the way we buy books and the way we read.

Question 47-48

I saw it fly the kites high
And blow the birds around the sky;
And I heard it pass,
Like ladies' skirts across the grass —
O it blows all around,
O it sings so loud!

I saw the different things it did,
But I didn't know where it hid.
I felt it push, I heard it call,
I could not see it at all —
O, it blows all day long,
O, it sings so loud!

O it is so strong and cold,
O is it young or old?
Is it a beast of field and tree,
Or just a stronger child than me?
O, it blows all day long,
O, it sings so loud!
