Questions 46-50

Do you know that ice cream has been around for thousands of years? Of course, in its very early history it was not like our ice cream today. In fact, ice cream was simply snow with honey and fruit!

As time went on, ice cream became more like it is today. With electricity and refrigerator, ice cream became easier to make. In 1904, the ice cream cone was invented(發明) by an ice cream salesman at the World's Fair. Soon, new ice cream products like the sundae, ice cream soda, and root beer floats were invented.

Today, most Americans have some kind of ice cream in their freezers. You probably do too. The only question is: how many flavors do you have?
